Mr. Gary Bringhurst, Chairman
Sanpete Sanitary Landfill Cooperative
50 N. Main Street
P.O. Box 650087
Sterling, Utah 84665

RECEIVED
MAR 24 2006
06:01Z
UTAH DIVISION OF
SOLID & HAZARDOUS WASTE

Dear Gary:

Enclosed for your use are three (3) copies each of the three Annual Reports for the White Hills, Chester Class IVb, and the Closed Chester Class II landfills. This letter is part of the annual report from the Cooperative, and should be sent to UDSHW along with one signed copy of each report. Jeff's address in Salt Lake City is still:

Mr. Jeff Emmons
Utah Department of Environmental Quality
Division of Solid and Hazardous Waste
P.O. Box 144880
Salt Lake City, Utah
84114-4880

The following paragraphs contain the Financial Assurance, Explosive Gas Monitoring, and Training reports requested on page 2 of each Annual Report.

Financial Assurance

Closure and post-closure costs presented on page 2 of each report are unchanged from previous years, as the estimates are relatively new and incorporate recent cost estimates. The following Table lists the PTIF number, balance, and applicable facility of each trust account held for the Cooperative by the Utah State Treasurer's office.

PTIF Number	Current Balance	Applicable Facility
0292	\$141,793.68	Old Chester Class II
1341	\$81,855.78	Old Chester Class II
6125	\$78,093.43	White Hills Class I

PTIF number 6458 was set up for the Chester Class IVb, but has no balance and is inactive.

The numbers reported in the preceding Table have the following implications:

1. Funds in PTIF accounts 1341 and 0292 are all available for closure of the old Chester Class II landfill. The total of the two funds is \$223,649.46, while the estimate for closure and post-closure costs is \$264,400.
2. The total required for financial assurance at White Hills is approximately \$100,250. PTIF trust fund 6125 contains \$78,093.43. The unfunded balance of about \$22,157 must be deposited in fund 6125 before UDSHW will approve the renewal permit application submitted on May 27, 2005. The review of the permit application has not yet begun.
3. The first installment of 20 percent of the closure and post-closure cost estimate for the Chester Class IVb landfill was due on March 1, 2006. The Cooperative is out of compliance, and a deposit of (.2)X(\$39,042), or \$7,808.40 is due now. A deposit is needed to activate PTIF account number 6458.

Copies of the most recent PTIF account statements should be submitted to UDSHW with each of the Annual Reports. Refer to the preceding Table for applicability of each PTIF account.

Explosive Gas Monitoring Report

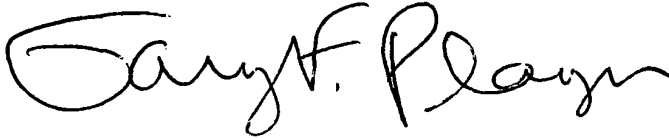

Mr. Roger Foisy of the Central District of the Utah Department of Environmental Quality has generously provided gas monitoring services to the Sanpete Sanitary Landfill Cooperative for several years. Copies of his quarterly methane monitoring reports for 2005 are included with this letter and should be attached to the copy of the White Hills Annual Report that is delivered to UDSHW. As in previous years, no methane has been detected at White Hills.

It is our understanding that the Biosystems PhD+ meter used by Roger Foisy requires maintenance and will no longer be used by DEQ. **With this letter the Sanpete Sanitary Landfill Cooperative requests that the meter be provided to us at little or no cost.** The Cooperative will repair the meter and offer to share it with Sevier County landfill personnel.

Training Report

None of the landfill employees or supervisors attended training during 2005. However, Mr. Gill Burningham attended SWANA training in Logan, Utah early in 2006.

Respectfully Submitted,

Gary F. Player
Consulting Geologist
Utah Professional Geologist No. 5280804-2250

Enclosures:

2006 SOLID WASTE LANDFILL ANNUAL REPORT, White Hills Landfill, 3 copies each of two pages.

2006 SOLID WASTE LANDFILL ANNUAL REPORT, Old Chester MSWLF, 3 copies each of two pages.

2006 SOLID WASTE LANDFILL ANNUAL REPORT, Chester Class IVb Landfill, 3 copies each of two pages.

Methane Monitoring Report forms for White Hills Landfill, dated March 8, May 24, July 29, and November 18, 2005, 3 copies each of four pages.

I understand that one signed copy of each Annual Report, with attachments, including the most recent PTIF statements for each landfill, will be forwarded to Mr. Jeff Emmons after signatures are applied by Mr. Garry Bringhurst. A second set of copies will be retained by Mr. Bringhurst, and the third set will be retained by Mr. Larry Hansen, landfill operator.

Financial Assurance

Current Closure Cost Estimate: \$25,413

Current Post-Closure Cost Estimate: \$13,629

Current Financial Assurance Mechanism: Trust Fund
(ie. Bond, Trust Fund, Corporate or government Test etc.)

Financial Assurance Mechanism Holder: PTIF 6458 (inactive)
(ie. Name of Bond Company, Bank etc.. If PTIF Account give account number)

Current Amount or Balance in Mechanism: 0

Other Required Reports

Financial Assurance: Each facility must recalculate the cost of closure and post-closure care to account for inflation and design changes each year. The recalculation, along with proof that the new cost estimates are fully covered by the assurance mechanism currently be utilized, must be submitted. Facilities that are using a trust account should include a copy of the most recent account statement.

Note Facilities using "Local Government Financial Test" must provide the information required in R315-309-3(7)(d) each year.

Ground Water Monitoring: Each facility that is required to monitor ground water must submit a ground water monitoring report that contains water elevations, sampling results, and statistical analyses. Check box if facility is exempt from ground water monitoring ☒

Explosive Gas Monitoring: A gas monitoring report must be included unless the facility is a Class II landfill that has receive an exemption, a Class III, IV, or VI landfill, or any other facility that has an exemption. Check box if facility is exempt from gas monitoring ☒

Training Report: A report of all training programs or procedures completed by facility personnel during the year.

Signature: [Signature] Date: 3-21-06

Signature should be by an executive officer, general partner, proprietor, elected official, or a duly authorized representative. A duly authorized representative must meet the requirements of the solid waste rules (UAC R315-310-2(4)(d)).
